

Company configuration

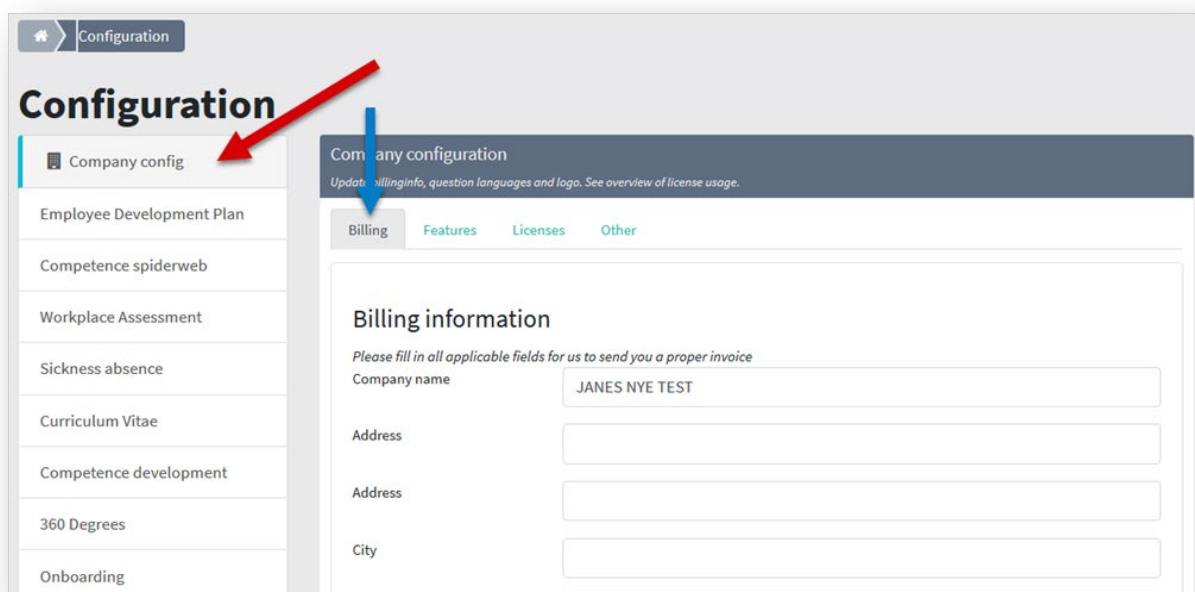

Here you can update billing information, logo and language for questionnaires. See the list of licenses, etc..

1. Select 'configuration'

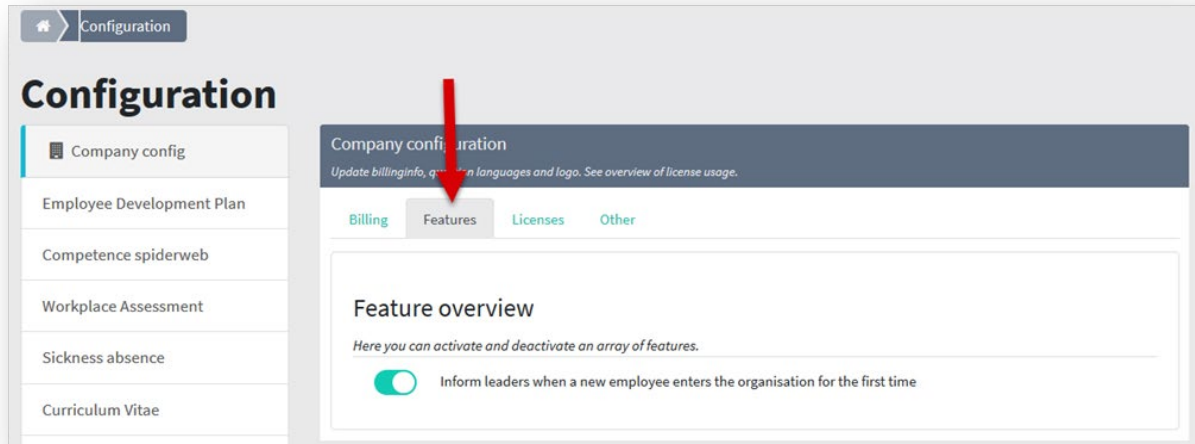

2. Then select 'Company config' (red arrow)

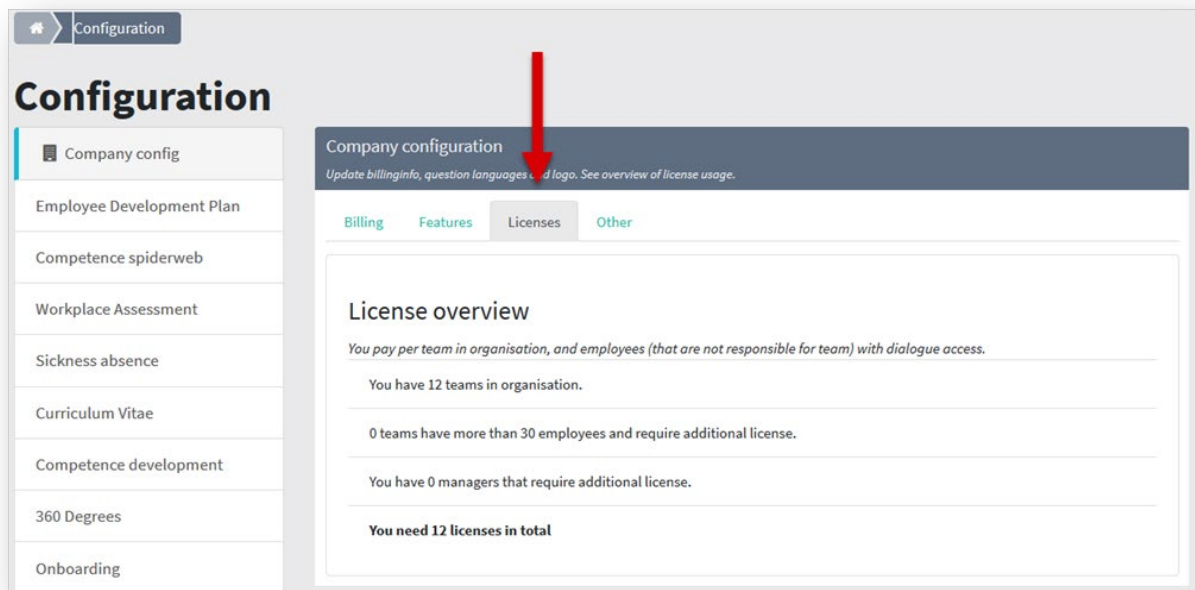

The first tab is 'Billing' (blue arrow) here you can update billing information.

Second tab is 'Features' - Here you can enable and disable a number of features:

Third tab is 'Licenses'. You pay per team in the organization and for dialog access to employees who are not already responsible for a team.

The fourth tab is 'Other'. Here you can upload company logo (blue arrow) Aspect ratio 100x45, minimum size 160x72. You can also select available language (green arrow)

The screenshot displays the 'Configuration' interface with the 'Other' tab selected. A red arrow points to the 'Other' tab label. A blue arrow points to the 'Upload company logo' section, which includes a text input field containing 'Gennemse...' and 'Ingen fil valgt.', and a teal 'Save' button. A green arrow points to the 'Available sheet languages' section, which features a list of available languages (Danish and English), a 'Primary language' dropdown menu set to 'English', and a teal 'Save' button. The interface also includes a sidebar with various configuration options and a top navigation bar.
